Why does peer mentorship *matter*?

Panel Discussion

Panel Discussion

How did your institution determine the structure and scope of your peer mentorship programs, and what factors influenced these decisions?

Panel Discussion

What strategies do you use to recruit, select, and train peer mentors to ensure they are effective in supporting mentees?

Panel Discussion

What specific outcomes have you observed in terms of student persistence, resource utilization, and overall success as a result of these mentorship programs?

Panel Discussion

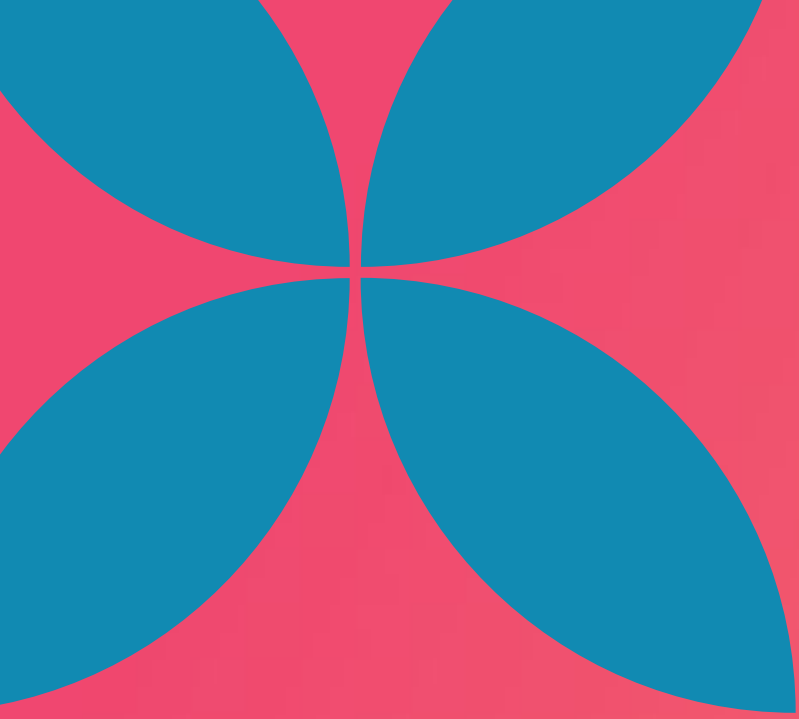

How have you measured the impact of peer mentorship on students' sense of belonging, and what strategies have been particularly effective in fostering inclusion?

Panel Discussion

What challenges have you encountered in implementing or scaling your peer mentorship programs, and how have you addressed them?

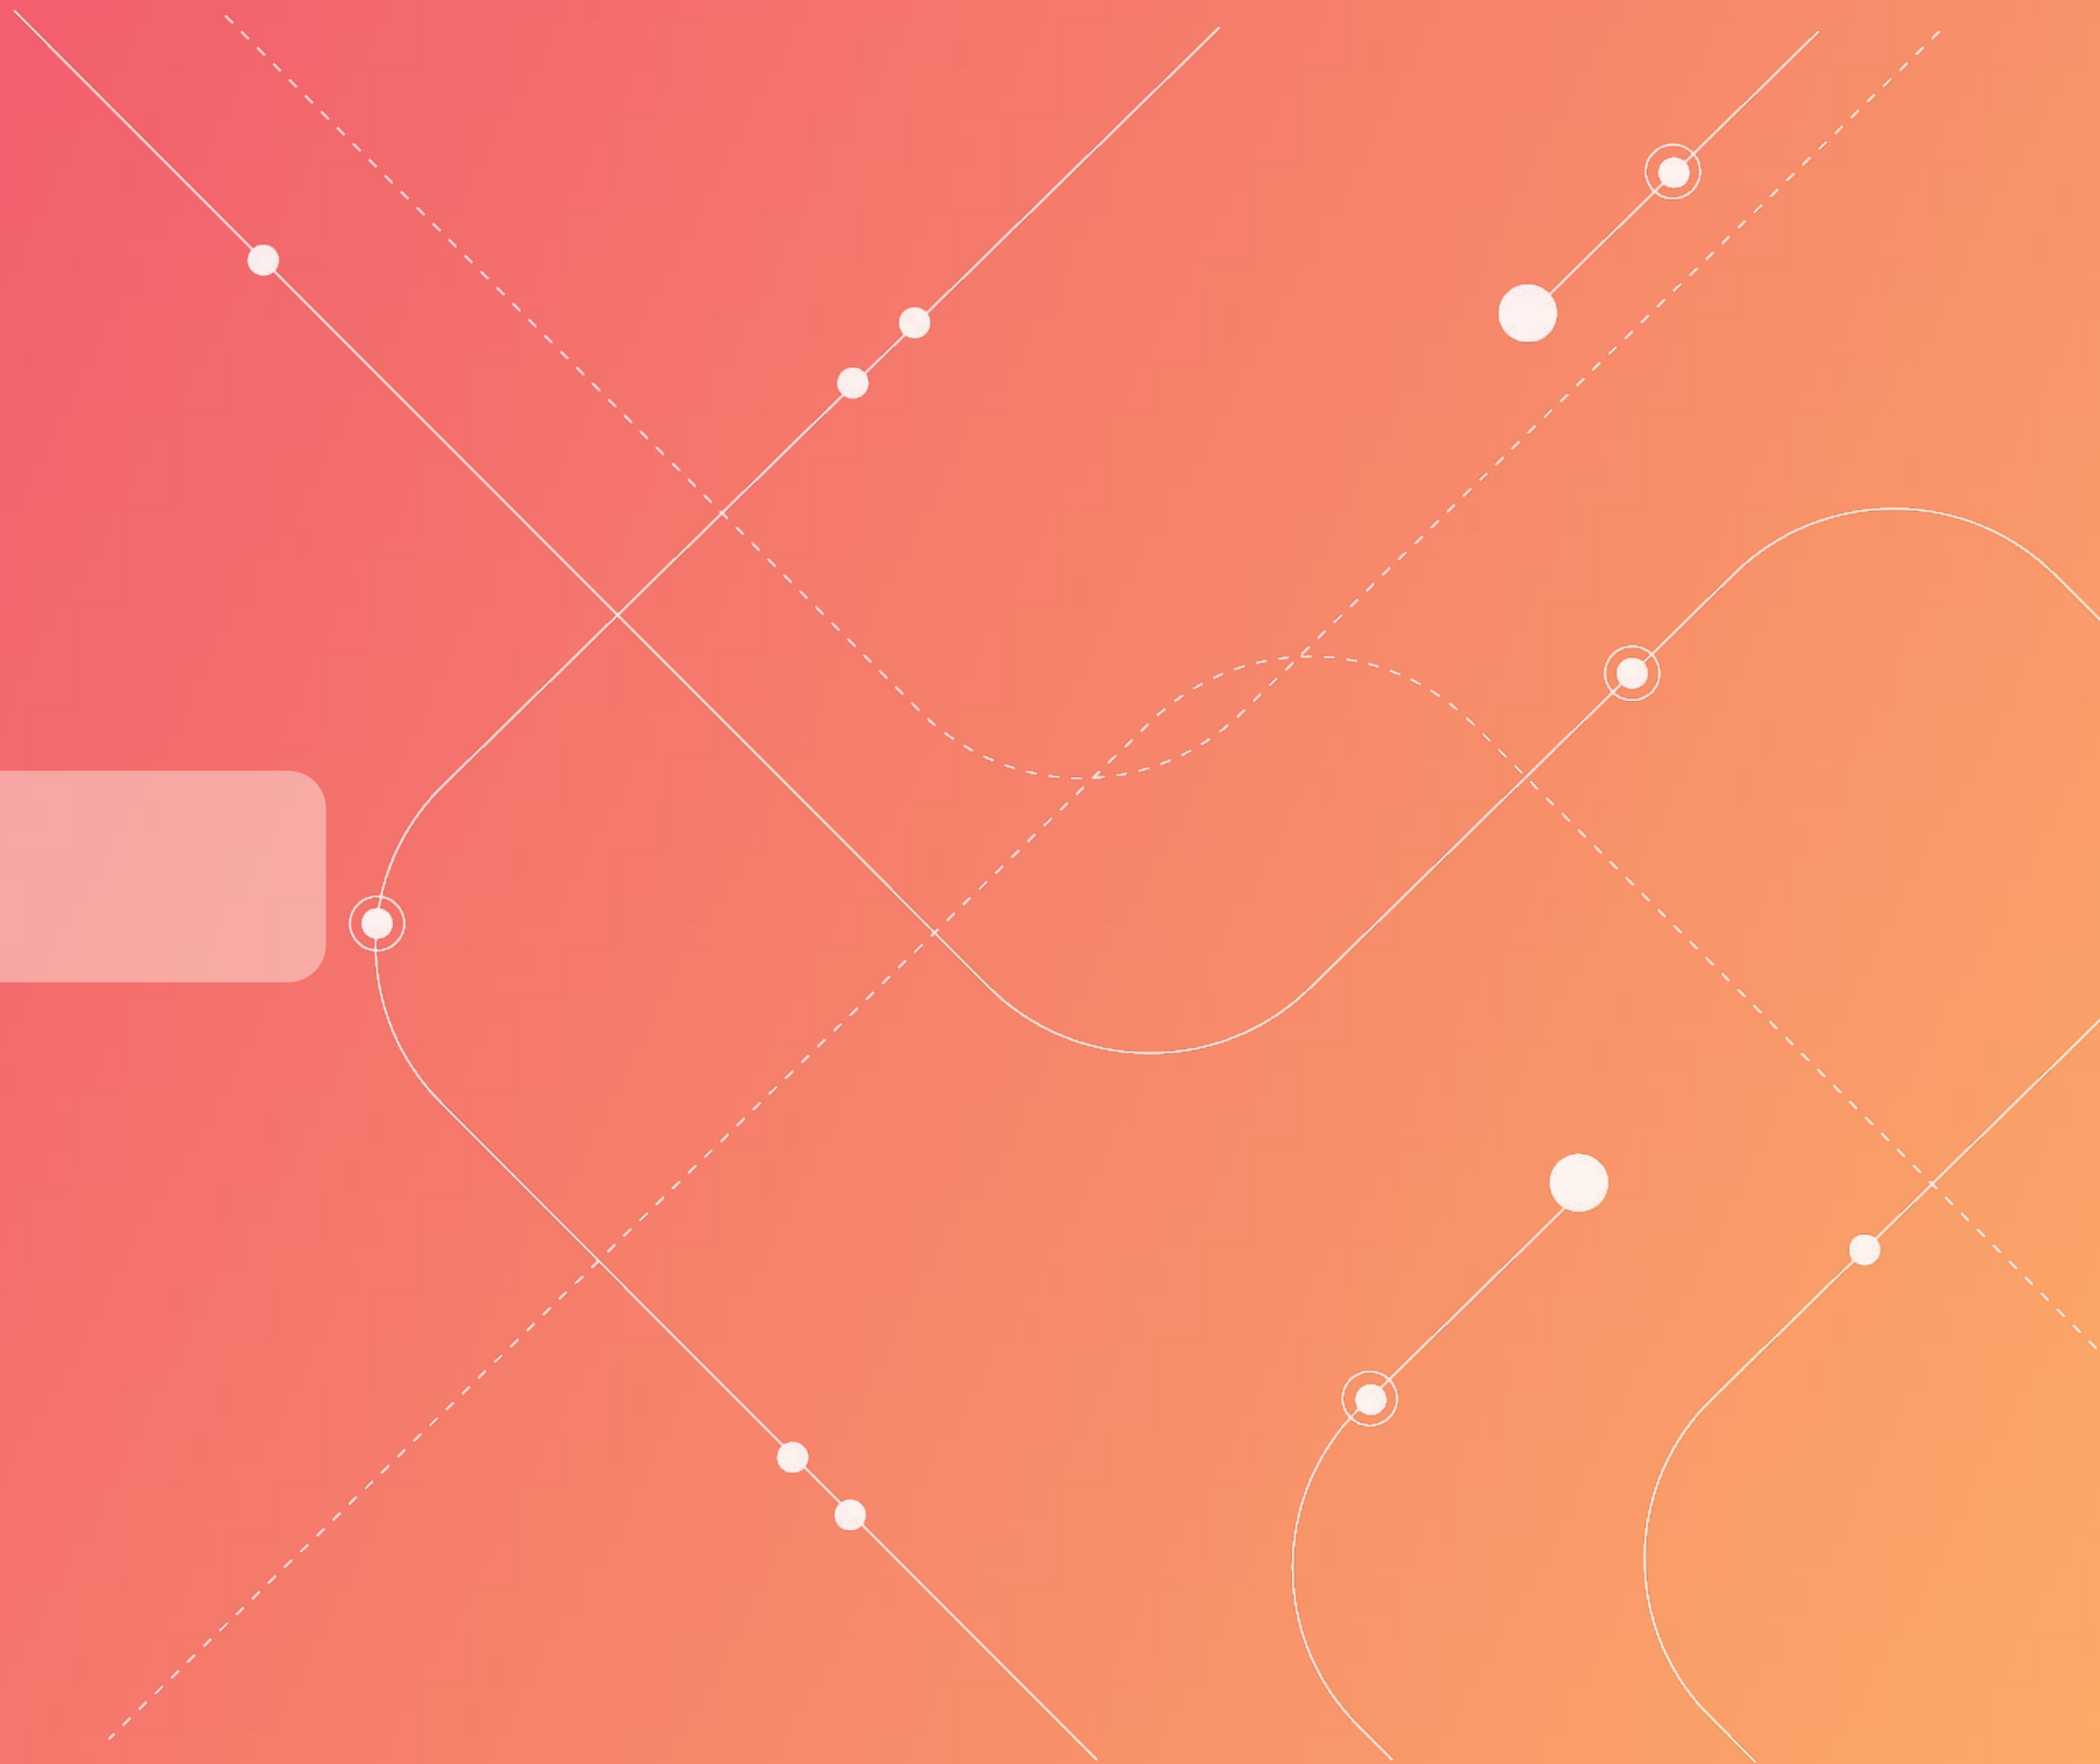

Panel Discussion

What advice would you give about getting started and building something that can grow sustainably?

What's New & What's Next: Product Roadmap | Q2 2026

Monday, April 6, 2026, 2:00 – 2:30pm EST

ANNEMIEKE RICE
Senior VP, Product Transformation
Mentor Collective

Panel Discussion

What types of data do you collect to evaluate the success of these programs, and how do you use this information to improve student support services?

Panel Discussion

How do your mentorship programs work alongside other student support services (e.g., career centers, wellness offices, tutoring services) to create a more integrated student success network?

Panel Discussion

How do you see peer mentorship evolving in the next five years, particularly in response to changing student needs and higher education trends?
